

**LIMITED REVIEW REPORT OF THE UNAUDITED FINANCIAL RESULTS OF
K.C.P SUGAR AND INDUSTRIES CORPORATION LIMITED, PURSUANT TO
CLAUSE 41 OF THE LISTING AGREEMENT**

1. We have reviewed the accompanying statement of unaudited financial results of **K.C.P. SUGAR AND INDUSTRIES CORPORATION LIMITED**, for the quarter ended 30th June, 2014. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors at its Meeting held on 14.08.2014.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410. Engagements to Review Financial Statements issued by the Institute of chartered Accounts of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquire of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. In respect of the company's Sugar units, the incidental Co-generation units attached to the Sugar units and Research and Development unit, part of the expenses incurred towards staff costs and manufacturing expenses (included in other expenses) and depreciation have been recognized as such during the quarter ending 30th June, 2014 only to the extent they are relatable to the production of sugar manufactured and electric energy generated during the said quarter. In the opinion of the Company's Management, the remaining expenses are relatable to the sugar to be produced and electric energy to be generated in the remaining period of the current sugar season and will be absorbed at the end of the last quarter. The expenses so deferred are as follows.

Rupees in Lakhs.

i) Other Expenditure	1994.15
ii) Depreciation	169.78

4. It has been explained to us by the Company's Management that, the Sugar Industry and the incidental co-generation activity being a seasonal in nature and since the sugar season does not match with the Company's financial year, recognition of expenses strictly in the period in which they have been incurred would result in substantial distortion of the financial results in different quarters of the financial year. It is therefore, the consistent practice followed by the company, to identify such expenses incurred during the off-season that are relatable to the coming season, and to defer them and recognize them only in the season period.
5. *We draw your attention to Note no. c of notes to accounts regarding adjustment of Rs.259.53 lakhs (net of deferred tax) to retained earnings as a consequence of charging depreciation in accordance with Companies Act, 2013.*
6. Based on our review conducted as explained in paragraph 2 above and after duly considering the practice of recognizing the expenses in the manner explained in paragraphs 3 and 4 above, we report that nothing has come to our attention that causes us to believe that, the accompanying statement of unaudited financial results prepared in accordance with applicable Accounting Standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of clause 41 of the Listing Agreement including the manner in which it is to be disclosed, or that it contains any material misstatement.
